RICH, VERY HAPPY,  
PERHAPS,  
BUT BEWARE THE IDLE.

—By Arthur Brisbane—

HODGE, CAL., Feb. 4.—The rich, in this happy land, very happy for some, are richer than they ever were. The treasury department, tells you there were 496 Americans in 1928 with annual incomes above one million dollars. The total on which they paid income tax was one thousand and seventy-three millions.

And as you know, this represents only a fraction of the really big incomes. There are men with incomes above one hundred million each. Their money is in great corporations. The latter reinvest their earnings and hand stock dividends instead of cash to the big controlling stockholders. On such dividends, in accordance with supreme court decision, the really rich men pay no income tax.

One man, with much more than a hundred millions in income, paid, as shown in reports once published, only six million income tax. Without the stock dividend device he would have paid forty millions at least. A lot of salary earners and professional men made up the difference.

Of the super-millionaires, 24 have more than ten millions a year each. With all that money you would expect to hear of some remarkable and interesting things done but money and imagination do not often go together. Imagination prevents accumulation.

According to treasury figures we have now about 454 thousand millionaires among us. Unfortunately we have, for every millionaire, about 100 men out of work, earning nothing. The super-millionaire class should do some serious thinking about the unemployed.

Five millions idle and unhappy among 120,000,000 can be "handled" easily but beware of the second 5,000,000. The first 5,000,000 idle are, with due respect for some unfortunate, the least able.

Or they are older men, excluded from work by age, out-of-date industrial system. They are not the dangerous hard-hitters. Five million more of the idle would mean danger, and a third five million would mean disaster.

In Britain, they give a "dole" enough each from the public purse to keep all the idle from actual hunger. They think that cheaper than a revolution, and they are right. Fortunately, this richest of nations need have no dole, and no idle, except among the lazy and incompetent, if the great fortunes that run the country will use their brains, to hire some one to think for them.

So many ways of making a living. One man started selling coffee well made and has millions. In this part of the world a colored woman started a small eating shanty, cooked well, and her business, taken over by white people, is worth millions.

Arland Dickson, who runs the Dickson Mound duck ranch, has just shipped 75 of the small fur animals, getting \$2,925 in cash for them. Not much in Wall street, but a great deal on a duck ranch. The Fulton Democrat tells about that.

For brains and ingenuity there are always openings and success. What is wanted is something that will give a decent living to any man or woman willing to do honest work. The average man has a right to live.

### Alan Will Attend Education Meeting

John S. Alan, superintendent of Salem public schools, will attend the annual National Superintendents' association convention at Atlantic City, N. J., Feb. 23-March 1. Alan was authorized to attend the convention by the board of education at its February meeting Monday night.

### Autos Collide On Intersection Here

H. S. Hoke, Park ave., was slightly injured in an automobile accident shortly before 7 a. m. Tuesday at the corner of Columbia st. and South Lincoln ave. Hoke's machine collided with an automobile driven by Norman Dushon. Hoke, who sustained cuts and was shaken up, was at the Central Clinic hospital. Dushon escaped injury. Both automobiles were damaged.

### Ministers Assigned

The shop meetings being held under the auspices of the Salem Ministerial association will be held at noon Wednesday at these plants: Decorating / department, Salem China company, Rev. G. D. Keister; shipping room, Deming company, Rev. S. A. Mayer; National Sanitary, Dr. P. H. Jordan; Electric Furnace, Rev. C. F. Evans.

# HUGHES APPOINTMENT PLEASES CAPITAL

## Board Plans Completion Of Reilly Stadium

### WILL BE READY FOR ATHLETICS BY SEPTEMBER

Plant Is Considered One Of Best In Eastern Part Of State

FUNDS AVAILABLE FOR FINAL WORK

New Concrete Stands and Fence Planned For Summer Work

Reilly athletic stadium, already recognized as one of the finest scholastic playing fields in eastern Ohio, will be completed with the construction of a brick and concrete wall and concrete bleacher seats during the summer months.

Plans for the project were formulated by the board of education as its regular February meeting, held at the high school building Monday night. No definite action was taken towards the project but additional plans will be made at future meetings until all work is ready to be started during the summer to insure completion of the stadium by the opening of the 1930 football season.

An architect will be authorized to draft plans and designs of the additional bleachers and wall, both to be constructed on the east side of the field, will be named at next month's meeting.

Service Director Clyde R. Reich, member of the board, was delegated to confer with City Engineer F. S. Barkhoff for a study of work necessary to be accomplished at the stadium and will submit a report at the board's March session.

Money Available  
The board has available approximately \$15,000 for improvement of the playing field under the 1930 appropriations received from the county. Whether this entire amount will be expended for improvements this year will be a matter for decision of the board after all plans are completed.

Salem High football team will play the majority of home games at (Continued on Page 4)

### CITY PATROLMAN EXAM SCHEDULED

Veteran Member of Salem Police Force To Ask Retirement

An examination for city patrolman will be held at council chambers, city hall, Thursday, Feb. 20. Roy W. Harris, clerk of the civil service commission announced today.

Plans for the examination were made at the commission's meeting Monday night after it was announced that Jesse Gray, veteran member of the city police force, will file application with council tonight for retirement from the force on its pension list.

Applications for the examination must be filed with Harris not later than Feb. 17. Blanks for application may be received from the clerk.

### BANDITS LOOT CHICAGO HOME

Family Confined for 10 Hours As Men Rob House In Suburbs

Chicago, Feb. 4.—Bandits posing as policemen invaded the home of Edward Mallers, well known in society circles at Kenilworth, fashionable North Shore suburb, terrorized the entire household for 10 hours, systematically collected jewelry, silverware, clothing and antiques and escaped with loot valued at more than \$20,000 today.

The men drew guns and herded the maid, nurse, cook and two of Mallers' children into a bedroom. When Mr. and Mrs. Mallers arrived home from a late-dinner party, they too were forced into a bedroom while other robbers ransacked the house.

The loot was piled high in the rear of a large automobile in which the bandits escaped.

### Heart Attack Given As Cause of Death

A verdict of death resulting from a heart attack was rendered by Dr. J. M. Van Fossan, Columbiana county coroner in the sudden death of John Gander, Salem man who succumbed while working at the Mullins Manufacturing corporation, about 7:30 a. m. Monday. Dr. Van Fossan held an inquest in the case at the O. G. Stark funeral home here Monday afternoon. Gander collapsed while working on the second floor of the Mullins plant and died before medical aid could be summoned.

Star Weds  
VIRGINIA BROWNE FAIR, screen actress, and Howard H. Worne, Jr. reported as having been married at Big Bear Lake, Calif. She is twenty-five and Worne is forty-one.

### PROGRESS MADE IN NEGOTIATION AT NAVAL MEET

Delegates Hope to Reach Agreement On Ships With Harmony

London, Feb. 4.—Delicate progress was made by the 3-power naval disarmament conference today in bringing about a harmonious outlook among the various delegations as to how to proceed with the delicate question of limiting armaments.

During the course of a two-hour meeting at St. James' palace this morning, the way was paved to bring Italy into alignment on the Franco-British compromise proposal for limitation. A spokesman for the Italian delegation declared that the compromise, with the changes embodied in the British counter-proposal, is far more satisfactory than it was before and "less calculated to engender competitive building."

Ambassador Gibson made one reservation to the British proposals, objecting to the British attempt to put a maximum tonnage limitation for individual small cruisers armed with six-inch guns and less.

Like French Plan  
Admiral Sirianini of Italy told the delegates that in its present form the French compromise was more acceptable to them than in its original form, "and less calculated to engender competitive building."

The Japanese delegate, Admiral Takarabe declared that Japan preferred to make her contribution to the discussion at a later date. First Lord of the Admiralty A. V. Alexander presided. Most of the discussion centered about theoretical points, and although the meeting did have the effect of creating an exceedingly agreeable frame of mind toward the suggested compromise, one delegate characterized the conversation as "trifling."

Following this conference, the "Big Five" heads of the delegations met at the palace to discuss further procedure. It was decided that private conversations between the delegates must continue, and toward this end another meeting was scheduled for 6 p. m. tomorrow.

Secretary of State Henry L. Stimson, American delegation chief, is holding a private conference with Respiro Wakatsuki, head of the Japanese delegation, this afternoon.

While some members of the American delegation were engaged in the palace conversations, others busied themselves denying the truth of a report appearing in the London Daily Telegraph that the delegation was torn by internal friction.

### TIFFIN SCHOOLS ARE AGAIN OPEN

Tiffin, O., Feb. 4.—Tiffin public schools were re-opened here today following the consent of city health officials, after school officials attempted to open them in defiance of a board of health order yesterday.

The fight between the school board and the board of health had been waged for nearly two weeks. Non-vaccinated pupils were permitted to attend classes upon an agreement of the board of health, and the school board agreed to cooperate in the event of a smallpox epidemic.

DANCE, BAILEY'S, ALLIANCE, WEDNESDAY NIGHT, ROUND, FRIDAY NIGHT, OLD TIME, 25c AND 50c BOWSER.

### Patriotic Colors On City Vehicles

Lorain, O., Feb. 4.—"Will we have to salute?" This is the question puzzling Lorainites today following Mayor Paul J. Goldthorpe's instructions to city employees to paint all municipal cars in the patriotic combination of red, white, and blue. Goldthorpe, in ordering the color scheme for municipal automobiles declared he hopes to prevent "borrowing" of the city cars by city employees for their personal use. Only police and fire department machines are exempt from the order.

### ALLEGED LIQUOR LAW VIOLATORS TO STAND TRIAL

Not Guilty Pleas Made By Men Arrested Here Saturday

TRIALS SCHEDULED THURSDAY AT 2 P. M.

Joe Nocero Released On \$2,000 Bond; Landro Held In Jail

James Landro and Joe Nocero, Salem men charged with violation of liquor laws in arrests made by police here Saturday night, entered pleas of not guilty when given preliminary arraignment before Mayor John M. Davidson Monday night.

Both men will be given hearing in Davidson's court at 2 p. m. Thursday. Nocero is free on \$2,000 bond while Landro is being held in city jail.

Landro is charged with unlawful possession of intoxicating liquors and impurities designed for the manufacture of liquors. Nocero faces charges of possession and transportation of intoxicating liquors.

Landro was arrested as a result of a raid upon a Newgarden residence in which police confiscated a large 75-gallon still, approximately 500 gallons of mash and about 100 gallons of whiskey. The raid was conducted by Police Chief T. W. Thompson assisted by Patrolmen Ralph Stoffer, Jesse Gray, Wilbur Hudson and William Beardon. Thompson and Stoffer apprehended Nocero on South Broadway after an automobile chase and report confiscation of three gallons of whiskey from the man's machine.

### BIRTHDAY FOR COLONEL LINDY

Aviator Has Narrow Slip From Death As Tiny Glider Breaks

Sandberg, Cal., Feb. 4.—Colonel Charles A. Lindbergh today was receiving dual congratulations. He was being felicitated upon his 28th birthday anniversary and also upon his narrow escape from death near here yesterday when an all-concealer on the glider he was piloting dropped to the ground, leaving the famous aviator 300 feet in the air with an unwieldy glider.

Lindbergh made no immediate attempt to bring the glider to earth after the mishap. He sailed out of sight, while friends on the ground rushed after him, apprehensively. He was found four miles from his starting place.

"Yes, it was an uncomfortable feeling when I saw it fall," said Lindbergh, "but I let the glider sail with the currents. I had a little trouble in landing. I am going to try it again as soon as conditions are favorable."

## Rum Runner Declares War On United States Dry Forces

Detroit, Feb. 4.—Arthur LaFramboise, 38, wounded Canadian rum runner, declared war today on the American federal dry patrolmen who, he asserts, shot him and left him on the river ice to die.

"I have a permit to carry a gun," rasped LaFramboise on his bed in Hotel Dieu hospital at Windsor, "and when I get out of here I'm going to take my friends and go gunning for those birds. If I find them in Canadian waters."

LaFramboise also declared he will make an official report of the shooting to provincial police today.

### AUTOMOBILE TAG SALE IN COUNTY SETS NEW MARK

All January Records Of Columbiana Broken In Past Month

OVER TWO THOUSAND SOLD IN THIS CITY

Nearly \$20,000 Returned Into County Treasury By Plate Sale

Lisbon, Feb. 4.—A record sale of automobile license plates in Columbiana county for January has just been announced by County Auditor Elmer E. Walker.

A total of 15,912 sets of plates were sold last month and \$113,008.27 collected against 14,492 sets of license plates sold and \$98,347.30 collected during January 1929.

From this license plate sale the county has received \$19,586.82 which has been credited to the county road repair fund and the state has received \$56,331.73. There has been 36,989.72 distributed among 12 municipal corporations as follows:

Liverpool 3,630 sets of plates \$14,676.49; Salem 2,141 sets \$7,669.92; Wellsville 874 sets \$3,072.17; East Palestine 952 sets \$3,337.05; Leetonia 285 sets \$1,097.43; Lisbon 653 sets \$2,338.86; Columbiana 650 sets \$2,306.61; Salineville 382 sets \$1,288.75; Rogers 63 sets \$222.55; Hanoverton 61 sets \$207.80; New Waterford 163 sets \$338.95; Washingtonville 44 sets \$133.14.

During January 1929 \$12,630.51 was returned to the city of East Liverpool from the sale of license plates.

The return this year shows an increase of \$2,045.98.

For the same month last year for January was \$1,662.64.

There were 3,278 sets of plates distributed from the East Liverpool registrars office January 1929 and 1,935 at Salem for the same month last year.

### SEARCH FOR MAN TAKES NEW TURN

Cleveland Chemist May Be In South America; His Secretary Gone

Cleveland, Feb. 4.—The mystery surrounding the disappearance of Dr. Ernst Watzl, Cleveland chemist, whose charged and wrecked automobile was found last Nov. 6 near Pottstown, Pa., took a new and surprising turn here today with the revelation that Mary Horvath McGranahan, Watzl's private secretary and model, also has been missing from her home here.

Insurance investigators, making every effort to trace the movements of the missing chemist, were firmly convinced that the blonde confidential secretary can throw much light on the facts surrounding the scientist's disappearance.

It has been revealed that Watzl's love of painting prompted him to open a studio here under the name of Vanderau and the girl acted as his model.

The girl's exit from the city was attended with the utmost precaution and secrecy. Even the girl's mother was unaware she had left until she received a note from her daughter saying everything was all right.

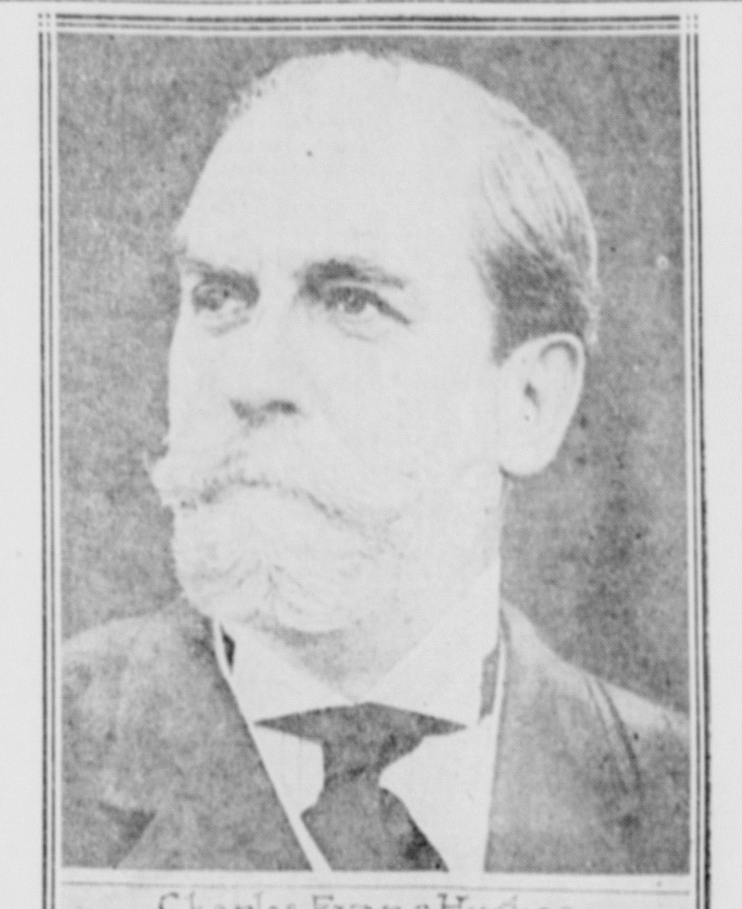

The news of the secretary-model's disappearance came in the wake of disclosures that Dr. Watzl was interested in a mining concession in South America. On several occasions he told friends he might be prevailed upon to journey there to investigate and acquire the rights of property.

Oliver E. Jones, Thomas B. Jones, Louis Heller and Russell McKay were re-elected directors for a period of three years. Other directors are: James McKay, Judge George H. Gessner, Charles C. Knox, Donald A. McVean, S. G. Pyle, H. L. Wilson and J. R. Woodley.

Water To Be Off  
The water department announces that from 9 a. m. to noon Wednesday the water will be shut off on these streets:

Off Newgarden from Wilson st. to the corporation line; South Howard ave. West Pershing st. to Wilson st.; all of Arch, Liberty and Railroad sts.; Race st. Depot st. to Newgarden st.; Wilson st. from Newgarden st. to the railroad.

### Given Appointment

## Illness Leaves Heavy Mark On Great American Jurist

Taft Returns To Capital From His Southland Health Visit

Washington, Feb. 4.—William Howard Taft, sick and pale, returned to the capital early today as an ordinary citizen.

His train arrived in Union station at 7:05 a. m., but it was 25 minutes before Dr. Francis Hagner, his physician, and others had virtually carried the former president of the United States and, until yesterday, chief justice of the United States supreme court, from his Pullman seat to his automobile.

"Mr. Taft is a very sick man," the physician said.

Taft came from Asheville, N. C., where he had gone in search of strength three weeks ago. Before leaving, he spent 10 days in a hospital here. The southern climate did not buoy his condition as he expected and this, his illness, prompted him to send his resignation as chief justice of the supreme court to President Hoover yesterday.

Shift Taft Car  
The train came in on a lower track. Taft was too weak to mount the steps or even to be carried any great distance so Dr. Hagner had the car in which he was riding, shifted to a track at the street level. Meanwhile, Mrs. Taft remained beside her husband, Miss Gertrude Manifold, his nurse, also was in constant attendance.

He seemed dazed as he was carried from the train. There was a set stare in his eyes as though he was hardly conscious or what was going on. His once huge body was noticeably shrunken from his illness.

A porter and a railroad policeman assisted the nurse in getting Taft to the rear platform. Here, he was placed in a chair and carried down the steps. A few days ago, he helped came to a rest more for his sake than for their's. Taft thrust out a pale hand and grasped the rail. When they continued the downward move it was necessary to release his grip from the railing.

Meanwhile, Mrs. Taft, Dr. Hagner and W. W. Michener, the sick man's secretary, stood on the platform and (Continued on Page 4)

### BANK REPORTS YEAR'S GAINS

Gain In Salem Branch Shown During Past Year; General Business Now On Upgrade

The Home Savings and Loan company, of Youngstown which has a branch in Salem, gained \$1,973,552.37 in assets during the past year, the 41st annual report made public today shows. The total assets of the company are now \$42,243,688.41.

Total dividends paid during the year amounted to \$1,961,562.04 and the increase in surplus amounted to \$366,264.12, increasing the surplus to \$1,699,656.52. It was announced that in the 41 years of the company's existence \$16,076,795.93 has been paid in dividends. Substantial gains in both the Struthers and the Salem branches of the company were reported.

Oliver E. Jones, Thomas B. Jones, Louis Heller and Russell McKay were re-elected directors for a period of three years. Other directors are: James McKay, Judge George H. Gessner, Charles C. Knox, Donald A. McVean, S. G. Pyle, H. L. Wilson and J. R. Woodley.

### Fear For Lives Of Men Aboard Vessel

London, Feb. 4.—Fears that the 20 men of the crew of the Danish steamship, Neily, have perished were expressed today in a Central News dispatch from Stockholm. The vessel has been stranded in the Gulf of Finland since Sunday with all efforts to rescue her frustrated by the ice-laden seas.

The ship from a distance now resembles a block of ice, according to the dispatch, and appears to be slowly sinking under the weight of the ice crust.

## HOOVER NAMES CHIEF JUSTICE ON TAFT POST

President's Selection May Iron Out Problems In High Court

ACTION COMES AS SURPRISE TO MANY

Qualifications of Former Member of Tribunal Rate Among Best

Washington, Feb. 4.—Appointment of Charles Evans Hughes as chief justice today was hailed with satisfaction by those who regard the conservative tenor of the court's constitutional interpretations as a bulwark of strength for the nation.

Having helped to establish many precedents which govern decisions on modern day problems while a justice of the court from 1910 to 1923, the regime of Mr. Hughes, it was predicted, will follow the trend which marked the chief justiceship of William Howard Taft.

In selecting Mr. Hughes for the high post, President Hoover surprised many officials who were certain that a change would elevate Associate Justice Harlan Fiske Stone to the post. Stone is a close personal friend.

With the court sharply divided, 6 to 3, in many vital constitutional decisions in the past three years, the first appointment to the court of Mr. Hoover occasioned unusually wide comment among lawyers and officials. Occasionally the court has divided 5 to 4.

The majority of the court, including Chief Justice Taft, Justices Vandever, McReynolds, Butler, Sutherland, and Sanford have frequently been at odds with Justices Holmes, Brandeis and Stone.

The appointment of a justice in sympathy with the three dissenting justices, it was pointed out, might have vitally affected many close decisions of vast importance.

Washington, Feb. 4.—The opposing wet and dry armies in congress today professed satisfaction with the appointment of Charles Evans Hughes as chief justice of the U. S. supreme court.

Senator Sheppard (D) of Tex., father of the eighteenth amendment said:

"So far as I know the appointment will make no change in the court's attitude toward the prohibition law." The wets were just as pleased, one of their senate leaders saying confidentially "Mr. Hughes has never taken a position on the effectiveness of the prohibition law as a temperance measure and has never been classed as a dry."

In addition to that, this wet leader added, "Mr. Hughes declined to serve as chairman of the president's law enforcement and observance commission, indicating he had no desire to get mixed up in the prohibition mess."

## SCHOOL FUNDS EXCEED \$3,000

Hilgendorf Files Report With Board at Monthly Meeting Monday

A total of \$3,372 is in the central treasury of Salem high school, R. W. Hilgendorf, treasurer, reported in his monthly financial report to the board of education Monday night.

The budget for the athletic fund is set in the report at \$601.81. The basketball fund contains \$91.32. The cross country fund has \$14.70. The football fund is reported at \$18.17. Minor sports finances totaled \$28.50 while the track fund amounted to 50 cents.

Reports of other funds according to a new classification arranged by school officials follows:

Class funds—Seniors \$1,233.12; Juniors \$17.35; sophomores \$64.45; freshmen \$15.88.

Literary funds—Debate \$4.61; Quaker (current) \$152.57; Quaker (contingent) \$350.52.

Office funds—County schoolmasters association \$8.10; county track nine cents; general \$22.58; history \$165.07; locker \$180.64; May day \$1.55; radio \$57.94.

Club funds—Band \$121.79; biology \$8; Hi-Tri \$6.02; Commerce \$12.91; French \$7.28; Glee \$6 cents; Hi-Y \$81.01; Latin \$5.25; Salesmasques \$29.31; Science \$6.51; Spanish \$6.75.

A sum of \$123.14 is outstanding in uncanceled checks. Hilgendorf reported, making the actual balance \$3,470.56.

### Crushed At Work

Geneva, O., Feb. 4.—Crushed when he was caught under a falling concrete pier, which he had been wrecking, Daido Huff, recently of Akron, is dead here today.

## AN ACCEPTED RESPONSIBILITY

Herediah N. Duff, national commander of the Veterans of Foreign Wars, urged the assumption of responsibility by the people of the country for the care of disabled veterans in a speech delivered at Baltimore, Maryland, recently. He said:

We do not hold that the country owes a living to every soldier who served her in the fighting ranks. But we do maintain that when in the protection of this country and her people a soldier suffers and is partially or totally incapacitated, then these people for whom he suffered owe him at least a living.

It was not Commander Duff's intention to open a controversy; his statement is merely an expression of popular sentiment. No one will dispute the responsibility of the country to care for its disabled veterans, excepting those who question the degree of responsibility necessary to constitute adequate service. Figures reflecting the activities of the Veterans' Bureau, available up to November 1, 1928, show that the total number of compensations claims received was 1,103,977 and that in 548,264 cases compensation was granted. The amount of disbursement for compensation was \$1,295,497,724. The bureau has utilized ninety-six government owned or controlled hospitals, of which forty-nine are under its direct control. A total of 821,741 treatments were given to patients outside of hospitals during the twelve months ended in November, 1928. Loans were made by the bureau to \$27,196 veterans, the amount being \$50,613,261. The bureau was, at that time, supervising the guardianship of 52,821 wards, of whom 21,059 were incompetent veterans and 30,491 minor children of deceased veterans.

This summary does not include any estimate of the amount collected for veterans by private organizations, the Federal bonus, nor the bonuses granted by some states. It is merely a summary of the activities carried on by Commander Duff's own organization.

The country is keenly alive to the responsibility of caring for its defenders and, while there are glaring deficiencies in many instances, is doing a reasonably good job of it. Many veterans will be impaired for life, many will never enjoy the opportunities they might have had if there had been no war. That is part of the cruelty of the system—a scar which charity can not erase.

## A LITTLE POMP

American manners contain little that is ceremonial. Even the little niceties of behavior accepted as the embellishments of good breeding have been whipped away by the backlash of that wide and treacherous credo of efficiency which we point to with pride on all occasions. Direct dealing, a minimum of delay in the execution of contracts and summary treatment of all persons whose station seems inferior are carried to high points of perfection in order that the world may maintain its swift course. The high hat, the pompous air, the gold braid and the silver tongue have little place.

An article printed in the January issue of McCall's Magazine presents a helpful viewpoint of this attitude. Written by Konrad Berovinci following his admittance to American citizenship, it describes his frank disappointment at the utter lack of tact and ceremony attendant upon the procedure and pleads for a "little pomp" on such occasions.

The statements are most convincing. Here stands a group of persons ready to accept American citizenship. Many of them are from countries which were mighty when the United States was unknown. They have fore sworn allegiance to nations where they and their ancestors have lived for hundreds of years. Tears in their eyes at the realization of what they are giving up to gain something which they believe will be better. They are filled with awe, prepared for a ceremony which will symbolize the grandeur of the great nation whose oppor-

tunities have been offered them. Their reverie is broken by a guard's harsh voice, "You guys keep in line!" There follows a sordid routine of orders in which their citizenship papers are designated by the amount paid for them and the new citizens publicly shamed by embarrassing questions. Tears spring into the eyes of the more sensitive. Is this the way America welcomes its new citizens? Would it have been too much to ask for the proper dignity, ceremony and pomp?

A rebuttal is needed, but who can offer it? Is there anyone who will say that new citizens are often justified in feeling disappointment when they are herded into a new alliance like animals? Call it pomp, call it tact, or just plain good manners—we could use more of it.

## What Others Say

### EINSTEIN AND THE POPULACE

After the Amateur Astronomers' association stormed the lecture hall of the American Museum of Natural History to see a motion picture on the Einstein theory, Dr. Dayton C. Miller's lecture before the same body on the same subject was awaited with misgivings. Dr. Miller is an eminent critic of the theory, and some wondered whether it might not be necessary to call out the militia. But the lecture has been delivered without even a riot call. Perhaps it was not primarily the Einstein theory which enlisted the passionate interest of the amateur astronomers. Dr. Miller did not provide free motion pictures.

Perhaps the crowd went the first time because it thought that it could understand motion pictures and failed to go the second time because it feared it would not understand Dr. Miller. Yet one is forced to a feeling that what we have is a vast popular curiosity about the Einstein theory combined with a very slight real interest in it. The popular explanations have been numerous, but the authorities are unanimous that to follow its intricate reasoning requires a mathematical knowledge possessed by very few. The curious result is that we have great public convinced that an important and significant addition has been made to the world's knowledge about itself, while they have at the same time only the haziest possible notion of what the addition is, of what it really amounts to and of its ultimate validity. It is not a situation conducive to that calm development of a pure science which is supposed to be the glory of the scientific approach.

If the public were really interested in the Einstein theory for what it is—a new and perhaps important way of thinking about reality—such criticisms as those advanced by Dr. Miller as a result of his experiments would be received as a matter of the utmost importance. But the criticism has as yet attracted no dramatic publicity, neither the persistence nor the destruction of the Einstein theory will turn out more automobiles, butter anybody's bread or otherwise become a subject for tabloid journalism and few of the millions who are familiar with Professor Einstein's name are filled with an intense devotion to truth for its own sake. Yet it is only for such a devotion that the professor's ideas are of the slightest importance.—New York Herald-Tribune.

# HEALTH

By Dr. Royal S. Copeland

## CLEAN HANDS FOR HEALTH

For a long time influenza has been thought to be caused by an infectious agent or germ. The news is now brought to us from the University of Chicago that Dr. Falk of that institution, after years of research in this subject, has at last found the influenza germ. I hope this is true; if so, a great discovery has indeed been made.

Science has given us many wonderful discoveries which have made for good health. Influenza has taken a large toll of human lives in various terrible epidemics, and every year many cases in every country of the world attest to its devastating power. In good health, our bodies have resistance to the germs of disease as they come singly. But when they attack us in great mass, the body is powerless to withstand their assault. It is when we are fatigued by overwork or loss of sleep, when our physical vitality is low from poor or inadequate food, that the germs get their deadly hold upon us.

Cleanliness of every bodily surface prevents the entry of these germs. To be surgically clean all the time is out of the question, but when you are as near to it as possible then you are the safer.

The germ of influenza is conveyed by the hand easily. It is commonly carried from hand to hand, from a doorknob or a hundred other places. The moisture from a cough or sneeze from another carries this germ, and so infection comes from one near you.

There are certain rules of cleanliness everyone should make use of every day. Washing the hands frequently, and always before eating, is essential. Wash the face with soap and plenty of water every day, not neglecting to wash out the nostrils. This is a place where germs are likely to lodge.

The teeth should be cleaned thoroughly two or three times a day. In sneezing and coughing, cover the face with a handkerchief and be aware of the person who does not do this. Eat only in places which are immediately clean. Always sleep in well-ventilated rooms.

If you find yourself sneezing, with a feeling of feverishness and eyes running, take a hot bath and go to bed. If not better the next morning call your doctor.

You protect yourself in going to bed, and you protect society. If you have influenza, the germs are dangerous to the next person you meet.

H. M. Q.—What causes tiny blisters on my feet at the first sign of warm weather?  
A.—This is probably eczema. Your diet and elimination may be at fault. For full particulars send a self-addressed, stamped envelope and repeat your question.

## Twenty Years Ago

(Issue of February 4, 1910)

The Natural Gas Company of West Virginia, has donated to the city of Salem, 250,000 feet of natural gas that was used in the city during the year just past.

Charles Bonnell fell on the ice Thursday morning cutting and bruising his face.

Manager Tise of the Ex-Highs basketball team has arranged a busy schedule of games for the next three weeks.

A sled load from north of town was entertained at the home of H. R. Elton, Osborn avenue, Wednesday evening.

Mrs. J. T. Brooks and daughter, Miss Judith, left Wednesday evening for Chicago enroute west on a trip to Japan and oriental countries.

James L. Cretty, of Seattle, Wash., sends greetings to his friends in Salem through a letter written to Mayor Carlisle.

Mr. and Mrs. Morris B. French, McKinley avenue, entertained 18 relatives and friends at an oyster supper Wednesday evening.

Mr. and Mrs. William Teegarden and son, Wallace, arrived in the city Thursday to visit relatives here and south of town.

The plant of the Pittsburgh foundry is at present enjoying its most prosperous run since starting business in Salem.

Archibald Bowman returned from California Wednesday. He went there expecting to locate but was not pleased with conditions.

Friends of Eli French, West Main street, are pleased to learn that he is able to be cut after a long illness.

Mrs. H. A. Van Syer and children, East Fourth street, went to Cleveland Thursday to visit relatives.

Mrs. Carrie Kerr has sold her apartment house, Penn and Columbia street to John L. Walton.

## The Stars Say

For Wednesday, February 5.

While the stellar operations for this day are promising for "big business," with financial prospects fairly encouraging, yet there is also forecast of turmoil, excitement and friction. Rash and impulsive acts may defeat excellent prospects.

Those whose birthday it is are confronted by a year of splendid opportunity, with growth, progress and contacts with large interests, but these may be negated by impetuous rash and quarrelsome conduct. A child born on this day may have splendid endowments for reaching places and power in life, but it should be disciplined early in self-control, amiability and good nature.

Names will be withheld unless the writer makes an explicit criticism. All letters subject to editing if too long or if they contain objectionable matter.—Editor.)

## TELLS OF V. F. W.

Editor The News: Why not do justice to the Veterans of Foreign Wars and give them a little credit that belongs to them. Every ex-service man that fought in Spanish-American war, the great World war, is a Veteran of Foreign War. Enlighten the people of Salem, let them know what kind of an organization the V. F. W. is. They are men who have carried Old Glory to foreign shores and brought our grand old flag back without a stain of tarnish upon it. That is how we got the name, V. F. W. Every man that served in the United States army during the Spanish-American war, Cuba, Porto Rico, Philippines, China and the World war, is a V. F. W. man.

In 1913, a convention was held at Denver, Col., which resulted in the merging of several organizations which had been formed following the Spanish-American war. These organizations had all been operating under various names, the first of such to be formed, being the American Veterans of Foreign Service, which was chartered by our grand state of Ohio, on Oct. 16, 1899. The new organization formed by the merging of the interests and identities of these organizations is known as the Veterans of Foreign Wars of the United States. Eligibility in this organization represents an honorable discharge from the army, navy or marine corps, showing honest and faithful service in our country's behalf on foreign soil in time of war.

This eligibility extends to: Veterans of Mexican War; Campaigners in Cuba with Roosevelt and Admiral Schley; Porto Rico with Gen. Miles; the Philippine Islands with Lawton and Funston; Admiral Dewey, China with Chaffee in suppressing the Boxer uprising, who pacified the hostile Moors in later campaigns and who brought peace and security to these turbulent countries which rim the Caribbean sea, and the mighty army which so effectively served in the World war.

This organization will be a permanent one so long as it is necessary to take up armed force in defense of our country's right and integrity, for it has represented as members, men who have served in defense of these principles, covering a period of 80 years of American history. This organization stands for noble ideals, and discriminates in its eligibility to membership only in the same sense as our government, or any government makes special recognition for service faithfully rendered.

The objects of this association are fraternal, patriotic, historical and educational. It is an organization of comrades that strive to preserve and strengthen comradeship among its members; to assist worthy comrades; to perpetuate the memory and history of our patriotic dead buddies that stood shoulder to shoulder with us, and to assist the widows and orphans and to maintain true allegiance to our government, and to preserve and defend the United States of America from all her enemies, whomsoever.

The Allen Reynolds post 892 has a 60 day drive on for membership. The intention of every V. F. W. member, is to make this the biggest year since the post organized March 5, 1922.

## BERT LESCH

### FACTS NOT FIGURES

The friend of the Metropolitan Insurance company forgot to state that insurance agents are writing about three and one-half times as many policies monthly as in pre-prohibition days and that there are many thousands more insured in the United States than in Canada. That country is putting money into its treasury at the expense of its manhood. It is paying out much of this money to maintain institutions to care for the ever increasing drink victims.

Why compare 1928 with 1920? Why not take pre-prohibition years, when our drink bill was between \$2,000,000,000 and \$3,000,000,000? Then there were more than two hundred institutions for the care of alcoholics, now only a few exist. Why do they not reopen if alcoholism is increasing?

"The liquor business of today is only a tiny trickle, whereas before it was a mighty torrent." Instead of criticizing the bootlegger, the wets should embrace him, he is one of them, was here before prohibition, hiding his outlawry behind the saloon. Today the lawless, thieving, unpatriotic American citizen depends upon him.

Representatives of 13 European

Use Our  
Good Coal

The Citizen's  
Ice & Coal Co.

Phone 645

countries have organized with a central office in Paris to discredit prohibition in United States.

Representatives have been sent here and they, with their converts are grunting and squealing for light wines and beer.

They are long on noise but short on patriotism.

Why not stand by our president and give prohibition a chance instead of trying to block his every movement for enforcement?

Because they are desperately afraid of its success and the final overthrow of the liquor traffic.

MRS. Z.

## CANADIAN PROBLEMS

Salem News: I would like to suggest that M. J. K. go to our city library and ask for the Jan. 4th number of 'The Union Signal' and on page 6 he will find in this issue is presented a digest of a bulletin put out by the Canadian government, giving official figures of the sale, revenue and volume of liquor, and the attendant result of drunkenness and crime.

These facts and statistics contradict the propaganda of the wets to the effect that government control does away with the evils of bootlegging, drunkenness, crime, etc.

They call it government control, but in truth it is "the government controlled by the liquor traffic."

In reply to questions asked the editor of the Toronto Globe, Can-

ada, he says, that liquor consumption has doubled in Ontario in two years; that drunken automobile drivers have multiplied by ten what the number of cars doubled; that deaths from accidents due to drunk drivers under government control have increased enormously, and the industrial accidents have increased 7 per cent faster than pay rolls.

I would ask all those not satisfied with our government, and not willing to back Hoover 100 per cent to join in to Canada one year and come back thankful to be under our "stars and stripes forever."

# WHAT IS TO BE DONE ABOUT THIS?

# THIS NEW CLOTHES DRYER IS THE ANSWER

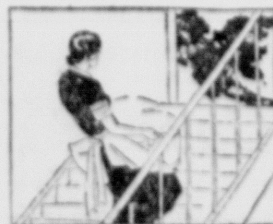

A gas-heated Clothes Dryer will give you permanent relief from the many annoyances which go with drying clothes outdoors. With this helpful appliance, the drying is done right in the basement, with full protection from dust, dirt, smoke, soot and weather.

The pieces are taken from the wringer and placed within the gas-heated drying chamber of the Dryer. In a short time they are ready for ironing—fresh, sweet-smelling, sterilized, bleached.

Wash-day is cut in half. The weather never interferes. Troublesome clothes-lines and clothes-pins are banished. Lugging heavy basketfuls of clothes to and from the yard is a thing of the past. Drying the clothes becomes the easiest and quickest part of wash-day routine.

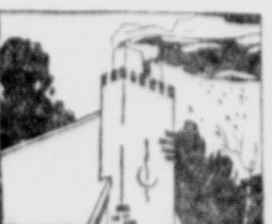

Stop at the store and let us explain the Lamneck method more fully. Hundreds of our customers now dry their clothes this up-to-date way.

This modern Clothes Dryer saves carrying heavy basketfuls of clothes to and from the yard.

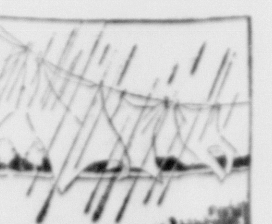

It saves the time and effort required to hang the pieces on the line and take them down when dry.

It brings June's balmy weather to your basement, with full protection from soot, dust, dirt, smoke.

It prevents mishaps like this which spoil your morning's effort and cause wear and tear on clothes.

It enables you to wash, dry and iron any time of day—any day you wish. Makes you independent of the weather.

## CONGRESS RAPS PRESIDENT FOR APPOINTMENTS

Says Commissions Named Too Numerous For Real Efficiency

### SURVEY DISCLOSES DIFFERENT VIEWS

Legislators Have Grouped Many More Groups Than Executive

Washington, Feb. 4.—Congress, which has been somewhat critical of President Hoover for a "propensity to name commissions to do his work, has been even more profuse in creating these bodies, a survey of legislation introduced and enacted since last March revealed today.

Since his inauguration March 4, President Hoover has set up nine commissions. A scanning of legislative records reveals that congress itself proposed or created more than 20 such bodies in the same period. Practically all of the commissions recommended or created by congress, independent of administrative suggestion, have been of a fact finding nature. So, too, have been the so-called presidential commissions, with the outstanding exception of the federal farm board, created on recommendation of President Hoover as the operating machinery of the farm relief bill.

Of Little Interest  
The commissions named by congress have, generally, been of little interest nationally, but applied chiefly to local or sectional purposes. Their appointment was of a routine nature.

Of the Hoover commissions, the farm board and the commission on law observance and enforcement have excited wide national comment and drawn attention to what a number of Democrats referred to in debate as the "commission form of government" under Mr. Hoover.

In addition to these two commissions, the following have been set up by or at the instance of the president:

The national memorial commission; San Francisco bridge commission; Yellowstone national park and boundary commission; child health and protection commission; advisory committee on literacy; commission on conservation and administration of the public domain; and the research committee on social trends.

Congress has supported the president in authorization for appropriations for all of these commissions, although some of the Democrats objected to the appointment of "more commissions in an already complicated government."

Many Are Created  
While criticizing the president's policy, members of congress proposed legislation to set up the following commissions:

Commission to investigate the burdens and benefits of war; world highway commission; motor ways commission; Indian-Lincoln memorial commission; commission for the Washington-Lincoln memorial boulevard; commission to study unskilled agricultural labor; industrial relations commission; communications commission; commission on American women in war; commission on a national museum of engineering and industry; seven regional commissions in the interstate commerce commission; Muscle Shoals commission; Lincoln highway commission; District of Columbia real estate commission; industrial art commission; educational peace commission; commission for the cooperation of national governments.

### Many Death Claims Filed With State

Columbus, Feb. 4.—Ninety-nine claims for fatal industrial accidents were filed with the state industrial commission in December, according to statistics which were made public today by the division of safety and hygiene. This number is eight more than the claims which were filed in November and four more than for December, 1929.

Thirty counties in Ohio are included in this record. Five counties—Adams, Brown, Holmes, Paulding and Union—had no industrial fatalities during 1929, statistics show. Cuyahoga again led all other counties with 25 industrial fatalities which was 12 more than in November.

### Attorney Very Ill

Canton, O., Feb. 4.—Walter B. Ruff, co-counsel for Albert L. Thayer, New Castle (Pa.) architect, recently convicted of soliciting a bribe here, was in an extremely critical condition in Mercy hospital tonight. He was stricken on the last day of Thayer's trial.

## Wife Names "Other Woman"

BESS PALMER (above), well-known dancer, is said to have been mentioned with heat in letters by Mrs. Jack Kearns, (right), to her husband, former manager of Jack Dempsey. Mrs. Kearns is suing to compel him to pay her \$500 monthly in accordance with an agreement made by them.

## EXPANSION IN STATE LAUDED BY SECRETARY

Farm Bureau Official In Explanation of Plans For Coming Year

Columbus, O., Feb. 4.—A program of expansion and enlargement during 1930 that is expected not only to benefit the farm people of Ohio, but city dwellers as well, was outlined for the Ohio Farm Bureau federation by Murray D. Lincoln, secretary, before delegates to the eleventh annual meeting here today.

While this organization was held, its convention in a downtown hotel, nearly 2,000 farmers and visitors were attending the second day's sessions of the eighteenth annual "farmers' week" celebration at Ohio State university. The two meetings are being held jointly.

Lincoln, in his address, told of plans for taking advantage of the assistance which was offered to agriculture as an organization by the federal farm board.

These plans included establishment of a farm grain marketing corporation, a farm finance or credit corporation, possible erection of a new state headquarters building and the possible purchase of operation of a mill to manufacture farm bureau feeds.

"The proposed grain marketing corporation," Lincoln said, "would be a unit in the national grain marketing corporation, which was recently set up by the federal farm board. The national grain market-

## Lucky Mother

"My success with Dorothy isn't just luck," says Mrs. H. C. McMillan, 7628 Sagamore ave., Cleveland. "It is due to a plan."

"She has escaped the ill-effects of colds and upsets because at the first sign of a cold, or a bad breath, coated tongue or feverishness, I open her bowels with California Fig Syrup. She loves its taste and I like its gentle, thorough action."

Mother by thousands praise California Fig Syrup. For fifty years physicians have endorsed this pure vegetable product. It tones and strengthens stomach and bowels; stimulates appetite; encourages digestion and assimilation. Its use helps make sorrowless children rosy and energetic.

Look for the name California when buying. That marks the genuine, safe for infants, effective for children in their teens.

## AFFIDAVITS IN OUSTER PLACED WITH OFFICIALS

Neill Case Request Gets Answer From Those Complaining

Lincoln, Feb. 4.—Nine affidavits have been filed with the county commissioners by Atty. Walter W. Beck of Lisbon, in support of the petition recently filed with the commissioners asking for the removal of John P. Neill as superintendent of the county home.

The original petition was signed by Mrs. Kattie L. Rothwell of East Palestine, as chief complainant, and supported by 25 other signatures, a number of whom who have since advised the commissioners they only sought an "investigation" of the county home and not the removal of Mr. Neill.

The affidavits supporting the former petition refer to charges made in the petition, and these affidavits were all sworn to before Atty. Beck as notary public, and signed by Walter B. Crubaugh, Jane Schilling, Eliza Underwood, Arilla Harroff, Harry Chamberlain, who signed two affidavits, Mrs. Grace Maple, Nellie Mervyn, Lillian Connor.

The law firm of Metzger, McCarthy & McCorkhill of Salem, is co-counsel with Beck in the filing of the several affidavits.

The county commissioners have been asked to summon as witnesses in this case, Harry Chamberlain, Nellie M. Crubaugh, Mrs. Grace Maple, Jane Schilling, Walter B. Crubaugh, Walter Ward, Mrs. Walter Ward, Godfrey Muhlenberg, Mrs. Godfrey Muhlenberg, Eliza Underwood, Harry Herron, Mrs. Harry Herron, John Schilling and Frank C. Armstrong.

The commissioners have officially received the several affidavits, for investigation, but no date for a hearing has been announced.

## Short of Policemen In Ohio City

Delaware, O., Feb. 4.—This city's police force had been reduced to three policemen today, following the resignation of Joe Davis, motorcycle patrolman, and the removal of Vic Ward.

Ward was dismissed as the result of charges which were placed against him by E. L. McCarthy and John McCarthy, both of Wichita Falls, Tex., and formerly of Delaware. The two men declared that the officers used abusive language and roughness when they arrested them here on a charge of speeding.

Ward's resignation had previously been refused by Safety Director Fred Hunterberger. A delegation of 30 Delaware business men was responsible for his dismissal.

## IDENTIFY BODY OF RAIL VICTIM

Train Crew Believes Man Threw Self In Path of Speeding Pennsylvania Train

Bucyrus, O., Feb. 4.—The body of a man who was killed when he was struck by a Pennsylvania passenger train near Crestline Sunday, was identified today as that of Thomas Edwinton, of Port Washington, O. Identification was made through a letter which was found in a pocket of his coat. Authorities are attempting to locate a brother-in-law, who is believed to be living at Philadelphia.

Members of the train crew believe that Edwinton deliberately took his own life when he walked in front of the speeding train.

Cairo.—To have walked 7,600 miles in 13 1/2 months, from Capetown to Cairo, is the record of Richard A. Monson and J. Hunter Wilson, two Australians, who have just arrived here.

## Social Affairs

### BOOK CLUB

"I want to help you to grow as beautiful as God meant you to be, when he thought of you first."

This quotation was used by the Book club for its meeting Monday afternoon at Memorial building when a program relating to children was presented.

The roll call, "Recollections of Childhood" was an interesting feature of the program.

Mrs. A. H. Schropp offered a paper on "What Do Growing Children Need?" "Child, Clinic and the Court" was the subject of Mrs. M. J. Duell's paper. A paper on "Mental Hygiene and The School Nurse," prepared by Mrs. Ruth Kase, Salem public school nurse, was read by Mrs. Fred Tate. Mrs. Robert Wilson gave Federation News.

Charles Freed entertained with a group of piano solos.

### CLASS MEETING

Members of the Junior Fellows and Friends class of the Phillips' Sunday school, south of Salem, met Sunday afternoon at the home of their teacher, Mrs. Ralph Huston, near the Lisbon rd.

Plans were completed for a public meeting Tuesday evening at the church when Mr. and Mrs. Arthur Gamble, of Winona, will tell of their experiences in Europe. Lunch was served at the social period. The next class meeting will be in one month.

### D. OF U. V. MEET

Plans were made to celebrate Lincoln's and Washington's birthday anniversaries on Feb. 17, at a meeting of Mary Ellet tent No. 70, Daughters of Union Veterans, Monday evening at the hall, East State st. On that evening a covered dish dinner for the members and their families will be served preceding a short session of the tent. After the meeting there will be a program. Members of Trecoast post No. 10, G. A. R., will be guests at the supper.

### BIRTHDAY PARTY

Honoring his birthday anniversary, a group of relatives and friends of George Phillips carried out a surprise for him Friday evening at his home, Depot rd. The hours were spent informally with games and lunch was served. Some of the guests were from Washingtonville and Alliance.

### BOYS AND GIRLS CLASS

Roland John was host to the Loyal Boys and Girls class of Phillips' Sunday school, south of Salem, taught by Miss Stella Vincent, Sunday afternoon at his home.

Names were exchanged for valentines. Games and lunch added pleasure. The next meeting will be on March 2.

### W. B. A. TO MEET

After the meeting of the Women's Benefit association Thursday evening at the hall, North Broadway ave., the members will hold a Valentine social. The program will consist of a playlet, readings and music. Lunch will be served. All members are asked to attend and to bring a valentine.

### MARRIAGE LICENSE

A marriage license has been issued to Earl McCune of East Liverpool, a pottery worker and Miss Ruth Creamer, also of East Liverpool, and daughter of Mr. and Mrs. John Creamer. They were married at the parsonage of the Lisbon M. E. church by Rev. C. N. Church.

### MONDAY AFTERNOON CLUB

Associates of the Monday Afternoon club were guests of Mrs. George Campbell yesterday afternoon at her home, North Lincoln ave. The usual diversions occupied the hours. Mrs. Campbell served refreshments.

### TRIMBLE CLASS

The Trimble class of the Presbyterian church will meet tonight at the home of Mrs. Ralph Harvard, East Seventh st. Election of officers will engage attention. All members are asked to attend.

### HARRIET WATT GUILD

The Harriet Watt Guild of the Church of Our Saviour will meet Wednesday evening at the home of Mrs. George Prantz, 677 Fair st.

Rev. C. E. Haworth, of Portsmouth, Va., formerly of Salem, is spending a few days with his son, Edgar Haworth, enroute home from Kokomo, Ind., where he has been holding meetings for his brother, Rev. Arthur Haworth.

Mrs. W. J. Gotshall and Miss Florence Jane Tolerton, of Uhrichsville, and Miss Eleanor Tolerton, of Cleveland, were weekend guests of Mr. and Mrs. Charles E. Tolerton, East Third st.

Mrs. Margaret Arney, who has been visiting at the home of her brother, Fred Rice, and family, Ohio, returned Tuesday to her home in Cincinnati.

Oscar Tolerton, student at Lafayette college, Easton, Pa., is spending a few days with his uncle and aunt, Mr. and Mrs. Charles E. Tolerton, East Third st.

Mrs. Adelaide DeRhodes, North Lincoln ave., who has been ill for the last two weeks, is improved and able to be downstairs.

Mrs. Mary Cook Phelps, of Vine ave., has gone to Los Angeles, Calif., for an indefinite stay.

Mr. and Mrs. Guy Seeds, Park ave., have gone to Orlando, Fla., to spend some time.

Mrs. Alton Cornell, of East Sixth st., is confined to her home by illness.

## CASUALTIES IN FIGHTING HEAVY

### China Again Scene of War Between Factions of Governments

London, Feb. 4.—War clouds again hovered darkly over the eastern horizon with heavy casualties reported in a series of engagements between National and Kwangsi troops north of Wuchow, an exchange telegraph dispatch from Hong Kong stated today.

The nationalists attempting to exterminate the rebel Kwangsi factions in the Wuchow area north of Canton claim that more than 1,000 rebels have been killed or wounded. Estimates of the Nationalist casualties have been made but they are believed to be large.

In recognition of the serious opposition still furnished by the rebel troops, President Chiang Kai Shek is expected to go to Canton soon to take personal charge of his troops. Two divisions of Hunan troops are already enroute to reinforce the nationalist armies in the Wuchow district.

### Snow Storm Delays Search for Bodies

Nome, Alaska, Feb. 4.—Search for the bodies of Carl Ben Eielson and Earl Borland near the wreckage of Eielson's plane on the Siberian coast, was seriously hindered today by a bad snowstorm.

The storm was so severe yesterday that planes and dog teams were unable to go from the fur ship Nanuk, base of the search, to the scene of the wreck 90 miles away. No trace of the bodies has yet been found although gloves and miscellaneous equipment were dug out of the snow in the vicinity of the wreck.

### Labor War Blamed In Theater Blast

Hinsdale, Ill., Feb. 4.—Du Page county officials waged a war against racketeers following the bombing of a motion picture theater owned by George W. Krueger, former union operator of Minneapolis.

Krueger, who was beaten and shot recently in Chicago, blamed the attack upon a labor union. He told police he had been unable to employ union operators because his theater did not pay sufficiently. Shortly after a blast partially wrecked the theater, three men were seen leaving the vicinity in an automobile.

### WASHINGTONVILLE

The Women's Home Missionary Society of the Methodist church were entertained in the home of Mrs. Frances Hartley on Friday afternoon with eleven members present. The program consisted of a short song and prayer service followed by the business session. Interesting papers were read by Mrs. Sam Atkinson and Mrs. Sam Tingle. The hostess served lunch. The meeting next month will be held in the home of Mrs. Don Jackson.

Mr. and Mrs. W. D. King and daughter of Salem were Sunday visitors in the home of Mrs. Mary King and Mrs. George Frederick of Sebring were Friday visitors in the home of her mother, Mrs. Jane Simpson.

Friends here received word of the death of Miss Magee Carey, 20, at her home at a. m. on Monday at Youngstown. Death was due to heart trouble. Miss Carey was a resident of this place before moving to Youngstown a short time ago.

Cottage prayer meeting was held on Monday afternoon in the home of Mrs. Sam Tingle and Mrs. Don Jackson.

Sunday visitors in the home of Mr. and Mrs. Layton De Lawter were Mr. and Mrs. John Everett of the Salem-Libon Rd. and Mr. and Mrs. George Mercer of Rochester, Pa.

Miss Mabel Tellow of Youngstown spent Sunday here with her parents, Mr. and Mrs. Wm. Tellow.

Mrs. T. C. Slack and daughter, Mrs. Helen Hineman of East Palestine were Sunday afternoon callers in the home of Mr. and Mrs. David Weikart.

The condition of Miss Grace Weikart who has been ill the past week is a little improved. Mr. and Mrs. Fred Weikart and Mr. and Mrs. George Hall were Youngstown callers on Sunday.

Mrs. John Shillinger went to Cleveland on Sunday where she will spend some time with her daughters, Mr. and Mrs. Moore Grindle, son Charles and Mrs. Curtis Grindle and son Jimmie visited on Sunday with relatives at Minerva.

Two of our Washingtonville girls, Misses Myena Herman and Helen Mathey, who are attending the High school in Leetonia, received 7 problems correct out of 75, in commercial arithmetic in their recent examination for the first semester. The girls are in the freshman class.

Mr. and Mrs. Con Worley and children of Youngstown were Saturday evening visitors in the home of Mr. and Mrs. August Mathey.

Miss Ruth Smedley of Youngstown spent Sunday with her parents, Mr. and Mrs. Herbert Smedley.

ETHERE PARTY

Mr. and Mrs. John Farrell, of East Third st., delightfully entertained a group of their friends Saturday evening at a euchre party at their home. Two tables were employed in the games. Prize winners were Mrs. Nora Benson, Jonas Peppel and John Keiser. A two-course lunch was a concluding pleasure.

Mrs. Emily Schenmaker, who is employed at the DeRhodes & Dought millinery store, is off duty on account of illness.

## CONDUCT SERVICE

REV. CALVIN CHOATE

REV. CALVIN CHOATE, of Greenleaf, Idaho, is holding evangelistic services at the East Goshen Friends church, in Goshen township.

Rev. Choate is well known in this district, having held meetings at the

MISS ALMA BUDMAN

First Friends church, Salem, and the Belmont Friends church, before Christmas.

He is being assisted in the meetings by Rev. Alma Budman, of Muncie, Pa. Miss Budman is widely known among Friends in this district.

## CONSIDER OHIO SHIP WATERWAY

### Several Routes are Under Consideration For New Connecting Link

Washington, Feb. 4.—Proponents of several routes for a ship canal from the Ohio river to Lake Erie, first projected in 1919, were scheduled to appear before the rivers and harbors board of the army engineering corps today.

Delegations were expected from prepared by Mrs. Ruth Kase, 89-which are interested in the routes in their respective localities.

A preliminary report which was made to congress in 1922 recommended surveys and investigation of the following routes:

From Pittsburgh, to Ashabula, O. via the Beaver and Mahoning rivers; Portsmouth, O. to Sandusky, O. via the Scioto and Sandusky rivers, and from Cincinnati to Toledo, via the Miami, St. Mary's, Auglaize and Maumee rivers.

Other proposed routes are from Cleveland via the Muskingum river and by improvement of the Allegheny river from Pittsburgh to Oil City, Pa.

It is understood delegations will appear from Cleveland, Sandusky, Cincinnati, Ashabula, Toledo, and Pittsburgh.

### Investment Firms In Large Merger

Cleveland, Feb. 4.—Final arrangements were being completed here today for the active operation of the investment banking firms of R. V. Mitchell and company, and the Herrick company, as a merged concern.

Consolidation of the two firms, which is regarded as one of the most important financial coups in Ohio in recent years, was announced yesterday.

The merged institutions will be known as Mitchell, Herrick and company. It will maintain offices in Cleveland, Cincinnati, Canton, Akron and Springfield.

E. A. Langenbach, founder of Central Alloy Steel corporation, is chairman of the new company. Although Parmely Herrick will not assume an active part in the business, he will retain a substantial interest and become vice chairman.

### TAFT

(Continued From Page 1.) watched anxiously. It was most evident they were worried.

Placed in Wheel Chair

When at last Taft was lowered to the platform he was placed in a wheel chair.

"It's a tight fit," said Dr. Hagner, with a smile, and a flicker passed over the face of the man who has been known as the most jovial personage in public life.

He was wheeled to the exit where his car was waiting. There the photographers were stationed, flash

### Now Millions More Stop "Dosing" Colds

Better External Treatment Wins New Users All Over the World

Every year since the introduction of Vicks VapoRub, more and more people have given up the old-fashioned way of "dosing" colds and turned to this modern external method. Today, the whole trend of medical practice is away from needless "dosing."

Mothers of young children especially appreciate Vicks because there's nothing to swallow, and, of course, nothing to upset delicate stomachs. Just rubbed on, its medicated vapors are released by the heat of the body and inhaled direct to the inflamed air-passages. At the same time Vicks acts through the skin like a poultice or plaster, "drawing out" tightness and soreness.

Year by year, the fame of Vicks has spread from neighbor to neighbor and from state to state, until now it is used for the colds of adults as well as children in over 60 countries.

The ever-growing demand for this modern method of treating colds is shown in the familiar Vicks slogan, "Made famous when Vicks reached '17 Million Jars Used Yearly,' later raised to '21 Million,' these figures are again being changed, as there are now 'Over 26 Million Jars Used Yearly'—in the United States alone.

Oats—March 43 3/4; May 45 1/8; July none.

## State Attorney Has Threat Against Life

Dayton, O., Feb. 4.—The sword of Damocles today hangs over the head of Assistant District Attorney Harry Abrams, of Cincinnati, who was threatened with death.  
Abrams, who received the death threat letter, refused to divulge the full contents. He, however, remarked that he did not stop prosecution against six Middletown and Hamilton farmers. The farmers are now on trial in federal court here on charges of forcibly resisting government agents, who were testing cattle for tuberculosis.

## "Konjola Best Investment I Have Ever Made"

Cleveland Lady Gained Ten Pounds In Two Weeks—Was Completely Run Down

MRS. WILLIAM ARNDT

"Konjola turned out to be the best investment I have ever made," said Mrs. William Arndt, 3962 W. 24th St., Cleveland. "I had spent, or rather wasted, many a dollar trying to find relief from indigestion and its pains, but nothing helped me. I was so sick and miserable all over that I did not care much whether I lived or not. My system was completely run down, and I was weak and tired out all the time. Fortunately, the many endorsements that I read of Konjola led me to try this medicine. To my astonishment, I began to feel better within a week. In two weeks, I gained ten pounds. My digestion improved rapidly, and I was generally improved and invigorated generally. After a six weeks' treatment, I am feeling better than for many years. All this splendid health I owe to Konjola, and I endorse it with all my heart."  
Konjola is sold in Salem at all J. H. Lease drug stores and by all the best druggists in all towns throughout this entire section.—Adv.

## Stops Skating, But Brings Damage Suit

Pemroy, O., Feb. 4.—This village today faced a probable damage suit, due to the act of Dana H. Peoples, Meigs county prosecutor, who recently perfected a plan to prevent children from roller skating in front of his home here.  
The prosecutor objected to children skating on the sidewalk, and constructed two steps on the side, which is located on a hill side. He accomplished his object, for the boys and girls were prevented from indulging in their favorite sport.  
A stranger, who recently visited the village, fell over the off-set because of alleged poor street lighting facilities, and sustained serious injuries.  
He notified the village council at its meeting last night that he expects to sue the village.

## COURT NEWS

## Chattel Mortgages In County Many

Lisbon, Feb. 4.—County Recorder Paul H. Smith announced today that at least 30 per cent more chattel mortgages were filed for record during 1929 over those of 1928.  
"It appears that many people have paid off chattel mortgages on furniture, and then borrowed money on furniture to make payments on automobiles," Smith related.  
There was unusual activity in the filing of chattel mortgages during January, according to the records, the number of chattel mortgages filed exceeding those for real estate, by a large percentage.

**Partition Decree Granted**  
A decree of partition has been entered by Judge W. F. Lones in the case of John D. Dallas and others against James Kopotas. The commissioners appointed in this action are: W. S. Fowle, Sherman T. Herbert and James S. Hilbert.  
In a similar action filed by Chal. Nicholson and others, a decree of partition has been entered, and the commissioners are D. B. Beacom, T. A. McElroy and E. H. Nicholson.

**Double Verdict**  
A verdict for both the plaintiff and the defendant was returned by a jury in the case of George S. Thompson of East Liverpool, against Patrick Farrell, an action for money and the possession of real estate. The jury returned a verdict in favor of the plaintiff finding on the issue of ownership and possession of property in East Liverpool. The verdict for the defendant, however, was on the issues of rents and profits. A motion for a new trial was overruled, and Judge W. F. Lones has entered a judgment on the record.

**Alimony Action Passed**  
The alimony action filed in common pleas court by Isabel Hisey against her husband, Harry Hisey, has been passed by the court until Feb. 17. Hisey was recently cited to show cause why he should not be punished for contempt, and the court was to hear the issue Monday. This action has been pending in common pleas since May 22 last.

**To Pay Wife**  
Frederick W. Kopp, defendant in a divorce action filed against him Sept. 30, last, by his wife, Mary E. Kopp, has been ordered to pay his wife \$5 weekly, while the case is still pending.

**May File Petition**  
Leave to the plaintiff to file a petition at once has been granted by the court in the appeal of Martin McGregor, against Hurt Capei.

**Case Is Dismissed**  
There has been a dismissal at the costs of the plaintiff in the case of H. R. Schaeffer against Mary H. Phillips, an action for money.

**Settled Out of Court**  
In the case filed by the Ohio Public Service corporation, against H. K. Wickersham, an action for money, there has been a settlement out of court, with the costs paid and no further record to follow.

**Asks \$25,000**  
In a \$25,000 damage petition filed in common pleas court by Robert A. Houser, of Alliance, against Joseph Hively of Columbiana, it is stated that the defendant persuaded Anna E. Houser, to leave the plaintiff.

The petition, which is exceedingly brief, also relates that Anna E. Houser is the wife of the plaintiff and that Mrs. Houser in leaving her husband has been without his consent and is contrary to his desire.

**Settled Out of Court**  
After a jury had listened to testimony for a day in the \$10,000 damage action of A. H. Ambler against The Consolidated Cleaning company of East Liverpool, there was a settlement out of court, and at the costs of the defendant. The filing of the action was the result of an automobile accident on the East Liverpool-Midland rd.

**Real Estate Transfers**  
J. Edward Davis, administrator to Tillie Davis, lot 5151 Alpha addition, East Liverpool, \$1,900.  
Laura G. Parker to Florence H. Labor, lot 216-7 LeCroy, addition, Liverpool township, \$175.  
A. C. Purinton, trustee to Clabie Thompson, 11 acres, section 27, St. Clair township, \$5.  
I. H. Aronson and wife to Ruth Payne, lots 6225-6 Island Avenue Land Co., \$5.  
W. J. Barlow as sheriff to A. C. Purinton, trustee, 11 acres, section 27, St. Clair township, \$2,400.  
Caleb Thompson and wife to I. H. Aronson, lot 4018 East Improvement Co.'s addition, East Liverpool, \$5.  
R. C. Shively, administrator to James L. Rogers, land in Village of Rogers, \$600.  
James L. Rogers and others to C. L. Whitla and wife, lot 18, Village of Rogers, \$650.  
Edward Hadfield to Anne Hadfield, lot 3254 Bradshaw addition East Liverpool, \$1.

## CANDIDATES GET STARK SUPPORT

## Republican Group Breaks Rule To Indorse Next Ticket

Canton, O., Feb. 4.—Shattering its precedent of "hands off" in the primaries, the Stark county Republican executive committee today stood committed on the ticket headed by Governor Myers V. Cooper and United States Senator Rescoe C. McCulloch.

Indorsement of the ticket was decided upon in view of the fact that three of the candidates for Republican nominations are citizens of Canton, namely: Senator McCulloch, H. Ross Ake, state treasurer, and C. B. McClinch, representative from the 16th congressional district.  
"In view of the fact that three of the candidates for Republican nominations are citizens of Canton," said James E. Kinson, chairman of the committee, in announcing the indorsements, "the committee particularly wished to indorse them and at the same time believed it would be the courteous thing also to indorse those other Republicans who are candidates to succeed themselves."

Others holding the committee's indorsements are John T. Brown, lieutenant governor; Gilbert Bittman, for attorney general, and Clarence Brown for secretary of state.

## COLUMBIANA

Mrs. Clarence Koch was hostess to members of the Entre Nous club Friday evening at her home, East Park ave., with two tables of bridge in play. Mrs. Lewis Bowman had high score. Mrs. R. J. Barrow, New Waterford, was a guest. Mrs. Clifford Laughlin will be the next hostess.

Supt. of Schools F. J. Sewall was at Columbus, Friday, attending a conference of state school superintendents. The conference, under the leadership of State Director of Schools Clifton, was for the purpose of working out plans by which school authorities may be of greater assistance in directing the life activities of boys and girls of high school age.

Mrs. Hiram Smith entertained the Handy Workers club last Wednesday evening at her home, Fairfield ave. Following the social period, a dainty lunch was served. Mrs. Henry Stanley will be the next hostess.

Miss Ruth Walker and Curtis Dettler, students at Mt. Union college, spent the week end at their homes here.  
The Sorosis society will meet Wednesday evening at the home of Mrs. C. D. Strickler, North Elm at 7. The feature of the program will be a talk by Miss Mary Strubel on her trip abroad. Mrs. Strickler will render a vocal solo, "Home Again."  
Albert Thoman, student at Wooster university, spent the week end at the home of his parents, Mr. and Mrs. Fred Thoman, South Main st.  
Mr. and Mrs. Lewis Bowman and daughter, Marjorie, visited Sunday with Mrs. Bowman's mother, Mrs. Carrie Kelley, Salem.

## BANKRUPT NOTICE

In the District Court of the United States for the Northern District of Ohio Eastern Division  
In Bankruptcy No. 18615  
Notice of first meeting of creditors. In the matter of M. W. Sheffield, Sora M. Sheffield, G. W. Briggs, partners, d/ba, Royal Theatre, partnership only, bankrupt.  
To the Creditors of Royal Theatre of Salem, in the County of Columbiana and district aforesaid, a bankrupt.

Notice is hereby given that on January 17, 1930, the said Royal Theatre was duly adjudicated bankrupt, and that the first meeting of its creditors will be held at the office of the undersigned, Court room No. 2, Lisbon, Ohio, on February 13, 1930, at ten o'clock in the forenoon, at which place and time the said creditors may attend, prove their claims, appoint a trustee, examine the books, and transact such other business as may properly come before said meeting.  
Respectfully,  
PAUL E. CARTER, Clerk.  
Youngstown, Ohio, February 1, 1930.

## MOVIES

"RIO RITA"  
At The State  
"Rio Rita," the all-talking, all-musical extravaganza which opened at the State last night, is evidence—tuneful, colorful evidence—that the screen has touched a new high mark in entertainment.

As the first opera in sound and color, "Rio Rita" opens up a great new vista of entertainment to those cities and towns geographically barred from the Broadway spectacles of Ziegfeld and the Shuberts.

Bebe Daniels is a revelation to "Rio Rita" audiences. She has built her following on portrayal of silent roles, but now she blossoms forth as a vocalist of exceptional merit and easily holds her own with John Boles, leading man, who has had years of training on the operatic stage.

The inimitable comedy ability of Bert Wheeler and Robert Woolsey, who were featured players in the stage production of "Rio Rita," enhance the value of Radio Pictures' adaptation of the Ziegfeld success. Helen Kaiser, also with the original "Rio Rita" company gives her role of "Mrs. Bean" a naive treatment.

Don Alvarado is well cast as the brother of "Rio Rita" and Georges Renavent as the "Kinkajou," the bold, bad mystery bandit, gets out of the role the ultimate of thrill and appeal.

### "BATTLE OF PARIS"

At The Grand

"The Battle of Paris" is an all-talking and singing feature that pictures the lighter side of the World War and depicts the soldiers of all the Allied armies in search of relaxation from the grim business of fighting.

Gertrude Lawrence, the popular musical comedy star is featured with Charles Ruggles in this novel picture.

She sings a number of airs that were popular way back when the A. E. F. was "over there" as well as some special melodies that were written, especially for her.

### ABOUT TOWN

#### K. of P. Activities

A delegation from the Knights of Pythias lodge, at Newton Falls, attended a meeting of Salem lodge No. 142, Knights of Pythias, Monday night at the hall, North Broadway ave. The visitors invited the Salem lodge to put on the first rank for them, at a meeting at Newton Falls.

Tonight a district meeting will be held at Warren and a delegation from Salem lodge will attend.

Thursday night a delegation from the Salem lodge will go to Hubbard to put on the first rank for the lodge there.

Plans were completed for a card party on Friday evening. The Pythian Sisters will assist the lodge.

#### Knights of Macabees

A delegation from Quaker City tent No. 144, Knights of Macabees, and Quaker City No. 576, Ladies of the Macabees, will attend an inter-district meeting Friday evening at Akron.

Arrangements for attending this meeting were made at the Monday evening session of the tent at the hall, East State st. One application for membership was received.

#### Attend Convention

About 30 members of the First Baptist church, including the pastor and wife, Rev. and Mrs. A. C. Westphal, attended the annual missionary conference of the Wooster Baptist association Monday at Alliance.

Leo Spring, returned missionary from India, and Mrs. E. H. Kinney, of New York city, were among the speakers at the conference.

#### City Hospital Notes

Mary McConnell, of Columbiana, has been admitted to Salem City hospital for surgical treatment.

Dona Miller-Candfield, had her tonsils removed at the hospital.

Mrs. Mona Steffer, patient at the hospital, has been discharged.

#### Official Board To Meet

The official board of the Christian church will meet Tuesday evening at the church. Important business will engage attention.

#### Knights of Columbus

The Knights of Columbus council at Youngstown is planning to have Washington's birthday celebration and Salem council No. 1818, has been invited.

#### Recent Births

Mr. and Mrs. Clarence Bailey, Ohio ave., are the parents of a son, born Tuesday morning. Mrs. Bailey and son are getting along well.

### Liverpool Man Held In Quiz of Murder

Canton, O., Feb. 4.—Harry Reising of East Liverpool, held in the Stark county jail in connection with a murder committed in Alliance four years ago, is to be questioned further today by county officials.

Reising, surrendered to Stark county authorities at Tekarkana, Ark. and was brought back to Canton late yesterday. He was grilling today but made no material admissions, it was said.

He was indicted jointly with Charles Hamilton for the murder of Krony Shunkro. Alliance confectionery store owner. Hamilton now is serving a life sentence in the Ohio penitentiary.

### Girl Shoots Self

Buffalo, Feb. 4.—Emma Hankow, 15, was in a critical condition here today after shooting herself with a revolver in a school cloakroom. She shot herself because she was backward and her playmates teased her about poor marks, the girl said.

"PUBLIC LIBRARY" OPEN EVERY WEEK DAY FROM 9 A. M. TO 9 P. M.

## GANGLAND TAKES ANOTHER VICTIM

Man "Put On Spot" Silent As to Who Assailants Are; To Die

Chicago, Feb. 4.—Less than 10 hours after State's Attorney John A. Swanson summoned commissioner of Police William A. Russell for a "show down" on conditions of terrorism in Chicago which in the last four days have brought six gang murders, seven bombings, kidnappings and numerous robberies, the underworld today roared another defiance to law and order.

William Healey, 37, known as a beer hustler and minor racketeer, was hauled to an alley by friends and his body was pumped full of bullets. He was rushed to a hospital where physicians said he could live only a few hours.

Swanson charged flatly that known hoodlums and gunmen are allowed to congregate nightly in downtown hotels to plot acts of violence and are not disturbed by police. He demanded that drastic steps be taken immediately to end the terrorism that has existed in Chicago for the past 10 years. Russell refused to comment upon his conference with Swanson but said of the latest meeting would be held today.

The latest victim of gunmen, Healey, refused to tell police the name of his assailants although he talked freely with a brother. Detectives believe he incurred the enmity of a gang of beer runners with whom he was formerly affiliated and that his changing to a new gang prompted the shooting.

### U. S. Marshal Dies While In Ohio City

Dayton, O., Feb. 4.—Stanley G. Borthwick, 55, United States marshal for the southern district of Ohio, is dead here today.

Borthwick was stricken ill in a hotel elevator here and was rushed to St. Elizabeth's hospital. His wife, Anna Borthwick, in Columbus, was notified that his condition was serious. She left immediately to be at his bedside.

Borthwick, however, passed away before her arrival. Death was said to have been due to uremic convulsions.

The body will be taken to Columbus for burial.

### Would Sell Canton Public Auditorium

Canton, O., Feb. 4.—A combined city hall, safety building and public auditorium, to be financed partly from the sale of the city auditorium and to be erected on the site of the present city building, was recommended to city council by Mayor Herman R. Wilber.

Repair of the present structure and the removal of a heavy fire alarm system from the attic of the old building has been ordered by the state division of public and factory building inspection.

No action was taken on the mayor's suggestion.

# Four Games Of Minor Importance Slated In Class A Circuit

## McArtors Play Printz Klub, Art Jewelers To Meet Furnace Tonight

With the league moguls still involved in a debate concerning the eligibility of members of the newly entered Grate-Motors team, Class A league activities settle back into a brief spasm of only minor importance being scheduled.

The discussion concerning the entirely new quintet entered in the loop by Earl Grate is perhaps the only outstanding feature of the activities of the second half, to-date, and this matter will be straightened out during the week. The Grates are billed for their second game of the half against the champion Golden Eagles Thursday.

The two games slated at Memorial gym tonight involve only one undefeated combine, the McArtor Florists, who clash with the Printz Klub in the second contest of the evening.

## THE DAY In Sports

PLAN SPORT ASSOCIATION "LOADING UP" HURTS LOOP

For several seasons the plan has been forwarded for the organization of an athletic association in Salem for the purpose of giving athletic leagues, such as this year's basketball circuit, a definite ruling body and a specific set of regulations and by laws under which they should be governed. With the wholesale violation of several league laws, which, however, are only the usual "unwritten laws," this season, the immediate necessity of such an organization has come to the surface more than ever.

Teams continually insist upon bolstering lineups and there is hardly any rule through which they can be stopped. Changes can be made continually under the present system through slight technicalities which give managers the right to add players and the late entry of an entire new team by the Grate Motors is only a slight example of what other teams might accomplish if they wish to strengthen lineups.

The league arbitration board, the circuit's official supervisors, will meet with team managers during the week for the formulation of rules and by-laws which will be put into writing and adopted. All managers should be present in order to thoroughly familiarize themselves with the incoming code under which all future leagues will be governed.

"Loading up" of league teams aids a league if done in a supervised manner, such as requiring all managers to give a two-weeks' notice before being allowed to enter new players, but this year's Class A league has been hurt seriously by changes made without notice. No exceptions should be made to the rules for if one team is permitted to bolster its personnel it is only fair that another also add strength.

Wilbur T. "Speed" Lippert, happy-go-lucky Salem youth, is now enjoying the balmy midsummer temperatures in Miami, Fla. Picture postcards bragging on the beauties of southern scenery and all-around midsummer weather were delivered to several of his friends here today, containing brief mentions from the tourist.

A lot of attention is being centered on those players who represent various teams in the city class A league and little is devoted to the managers who made the circuit possible for another season. Each year a group of backers add to the success of basketball competition here during the wintry months by entering a team in the league and this season the managers and backers have formed together what is the most successful league in history here.

Here they are:

Solbert "Solly" Greenberger throw his "Dobbs" into cage competition for the first time, backing the Golden Eagle team, first-half champions; Perry McArtor is sponsor of the McArtor Florists for the second year; Jack Art, another new entry, backs the Art Jewelers and incidentally has also offered to donate a cup to the winning team in the Class B league; Scott Chisholm, never successful yet in winning a championship, is trying it again with the United Cigars; Earl Grate, with his Grate Motors ended in the cellar in the first half but threatens to annex titular honors the half with an entirely new array of losing talent; the Electric Furnace is entered by the Electric Furnace company while the Printz Klub is an organization composed of athletically-inclined lads, who despite frequent setbacks, are continually fighting to get into the victory column.

PUBLIC LIBRARY OPEN EVERY WEEK DAY FROM 9 A. M. TO 5 P. M.

## King Alfonso's Trophy Chief Prize in Regatta

Miss Marcia Cass holding the celebrated King of Spain Trophy, which will be competed for by entrants in the eight-metre class yachts, which will participate in the fourth annual Winter sailing championship, to be held at Los Angeles in March. The trophy was presented for American competition by King Alfonso of Spain.

## Mandell Wins From Ohioan

Rockford Champion earns Victory Over Young Cleveland Lad

Cleveland, Feb. 4.—There was no doubt in the minds of several thousand Cleveland fight fans today that Sammy Mandell is truly a great and deserving champion of his class in the realm of fistcraft.

The Rockford shiek took a well-earned decision here last night from Joey Goodman, ambitious and determined local youth, in the 12-reef headlining brawl of the Cleveland Amateur Baseball association's boxing card.

Goodman, the 20-year-old kid, was game—clear through—and he gave the champ more trouble than was expected, but throughout the fracas Mandell, cool and observant, worked that famous left with the precision and sting of a machine gun.

## Gems, Lease Drugs, Methodists Win Class B League Contests

Lease Drugs, First Methodists and Little Gems were victors in City Class B league games played at Memorial building gymnasium Monday night.

The Drugs registered an easy 23-14 victory over the Episcopal church five while the Methodists noised out the First Baptist church quintet by a 21-17 score.

The Little Gems registered a 23-22 victory over the Trinity Lutheran church lads in the feature game of the evening. The highlight of the contest was a last-quarter rally staged by the Lutherans which almost resulted in the Gems' defeat.

The victory placed the Little Gems in a tie for second place with the Lutherans. The Fender Benders are in first place with two wins and no defeats.

The Lease Drugs in fourth place as a result of their victory last night, battle the Pottery quintet in the preliminary to the Class A games at the gym tonight. The same starts at 7. Thursday night the Fender Benders clash with the Lutherans in the evening's preliminary to two major league contests.

## Purdue Tops Ohio Leaders Continue Title Drive

Lafayette, Ind., Feb. 4.—Purdue's grasp on first place in the Western conference basketball drive was strengthened today by the 60 to 14 victory the Boilermakers scored on Ohio State here last night.

Stretch Murphy's accurate eye for the basket netted 28 points for the conference leaders and incidentally broke his own and the conference individual score for one man.

Murphy's speed and the smoothness with which he worked with Glen Harneson and Johnny Wood on swept the Buckeye defense off its feet from the start.

After the first five minutes the game was preponderantly Purdue's and Murphy's.

In the first half, Murphy sank six field goals and one free throw. Johnny Wooden, Purdue guard, tied him in the same period with five field goals and three free throws. The half ended with Purdue leading 32 to 12.

Leipzig.—An interesting feature of the great International Fur Exhibition to be held in Leipzig from the end of May until September will be an International Hunting Exhibition.

## THIS IS THE NEW STRAIGHT 8 THAT STARTLED THE INDUSTRY

### THE LOWEST-PRICED EIGHT IN THE WORLD

Weeks ago, leading newspapers were informed of a mysterious new eight-cylinder car which was performing almost incredible feats on the great natural proving ground in the steep mountains of Pennsylvania.

Out of curiosity, and sensing a news story, automobile editors hurried to the mountains to investigate. There they joined in actual driving tests under conditions of their own selection. They saw and experienced feats of performance that set them writing columns of praise about a new motor car whose very name was still a secret. Now is revealed the name of that mysterious car—the car they proclaimed a sensation. It is the new Chrysler-built De Soto Straight Eight—the lowest priced Eight in the world—a car that comes before the public on the wings of a nationwide chorus of expert approval and commendation.

On the basis of overwhelming dollar value, the new De Soto Straight Eight, beyond all doubt, is as outstanding in the eight-cylinder field as its famous companion car, the De Soto Six, is outstanding in the field of sixes. Every comparison unalterably verifies this fact.

# THE HOME KITCHEN

By Jeannette Young Norton

Charlotte Russe isn't always a thin tube of sponge cake, set in a cardboard case, with a spiral of whipped cream peeping coyly from the top. In fact, not always does it include whipped cream. There are several ways in which this common American delicacy is prepared.

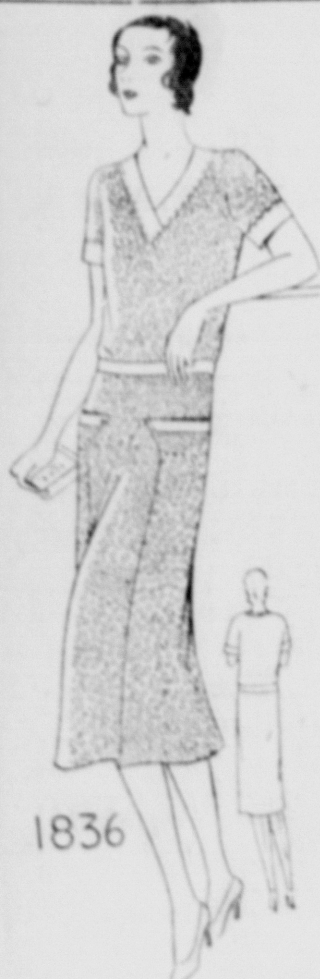

The commercial variety is usually whipped cream stiffened with gelatin, and many prefer it that way. The cream is then much lighter, also more perishable. If only whipped cream is used, then the cakes must be consumed a few minutes after preparation. Another, and less usual method, is to use a custard filling.

Charlotte Russe is a very easy dessert to prepare—especially as it is only a semi-home-made cake. Either sponge cake or lady fingers can be used. Sponge cake is more dependable, as one rarely can obtain lady fingers perfectly fresh—and when less than that they are not particularly good. For Charlotte Russe the cake lining should be soft. Sponge cake may be cut into fingers, or into thin slices of a shape easy to roll and tuck inside the cardboard covers. (These covers can be obtained at a confectioner's, or otherwise the cake can be used to line a sherbet glass.)

**Plain Charlotte Russe.**  
1 1/2 cups heavy cream.  
1 tablespoon gelatin.  
1 tablespoon sugar.  
1/2 teaspoon vanilla.

Lady fingers or sponge cake.  
Soak the gelatin in 1/4 cup of cold water. Then set the dish in hot water to let the gelatin dissolve. Place in a bowl, add the sugar and vanilla and put in a cold place. When it begins to thicken add the stiffly whipped cream. Line the sherbet cups with sponge cake or lady fingers and fill the center. Leave in a cold place until ready to use, which may be several hours later.

## Today's Pattern

Morning smartness is achieved in the styling of this frock made of printed cotton fabric and trimmed with banding of solid color. You'll enjoy the unusualness of the pockets which are created by the clever cutting and stitching of the skirt side panels.

Practical and attractive materials suitable for Design 1836, are gingham, poplin, broadcloth, chambray and rayon. Pique is lovely for the trimming of collar, cuffs and belt.

May be obtained only in sizes 14, 16, 18, 20, 22, 24, 26, 28 and 30. Size 16 requires 3 1/2 yards of 36 inch fabric and 1/4 yard trimming.

No dressmaking experience is necessary to make this model. The pattern has ample and exact instructions. Yardage is given for every size. A perfect fit is guaranteed.

### COUPON

This pattern will be delivered upon receipt of 15c, cash or stamps, preferably stamps. Latest fashion book 15c. Send all orders to SALEM NEWS PATTERN DEPARTMENT, 241 WEST 17TH STREET, NEW YORK CITY.

## STYLE EDICTS

Feb. 1.—Week-end frocks are putting chic into all women's wardrobes this winter. They are absolutely necessary for the house party or little hotel-holiday.

If it is for the Riviera, week-end frocks come in fascinating tussles in soft pastel shades. Pink, peach, grey and green or palest apricot are the favorites.

If it is for a week-end at one of the cooler resorts, there are indescribably soft and clinging tweeds and jersey weaves so varied they even come in the shade of all the Scotch clats. There is a new gray tweed with bright knots of wool worked to the surface here and there. A beige, white and brown English tweed with a soft amora jersey-house has its coat trimmed with nutria fur. A novelty wool jersey comes in brick, gray, beige and white.

One house is showing a youthful, simple week-end frock in gray woolen material with little black dots. All the originality of the model lies in the slightly flaring cut and amusing distribution of the knobby bows made of the same material.

Another uses blue crepe de Chine printed in greenish-blue for a frock certain to be much in demand over the week-end in any spot.

Karlruhe — The Black Forest clockmakers, known the world over for their cuckoo clocks, have now brought out a novel alarm clock. It has the form of a globe, inside of which is a light bulb. When the alarm rings the bulb is automatically lighted.

# HOME-MAKING HELPS

By Wanda Barton

"Before attempting a formal dinner, be sure that you have enough competent help," cautions an etiquette book of pre-war days. That help consisted of at least three persons—a cook, waitress and a helper in the pantry. The cook cooked and did nothing else; the waitress waited at table and the extra help did the little odd jobs like stacking soiled dishes, crushing ice, opening wine bottles.

There's much to be said for this method. Service is smooth, and the hostess is relatively free to enjoy her own party. The only obstacle to such pleasant management is the fact that most families can't afford to hire three servants every time they want to give a dinner party. Indeed, even 15 or 20 years ago, when there was no restriction on immigration and plenty of eager young girls came from Europe for domestic service here, the majority of Americans could not afford servants. Only one family in every eight had any kind of a regular housekeeper. The other seven depended on mother—and maybe the girls helped a bit.

But they gave dinner parties anyway, and often, although these festivities usually left the hostess tired and busy to enjoy herself. Today, the woman who gives a dinner party isn't satisfied with the role of housekeeper, cook, waitress at her own table. She makes it her business to enjoy the affair herself, and several circumstances combine to make this possible.

For one thing, there is less at-

tempt nowadays at pretentious dinner-giving. We're more simple in our tastes. The formal dinner which makes service at table by waitresses obligatory isn't even attempted by the average family. And the menu is chosen with easy service in mind.

In this direction too, a great and helpful change has occurred. We used to eat so much more than we do nowadays. Memories of food economies during the war, faint though they be, did leave an impression, which added to the dieting fads of recent years, have made a sweeping change in our food tastes. Even at formal parties, one no longer sees a procession of endless courses. At least seven used to be the rule—today there are less. And the average dinner party which is served with the aid of one maid or none, is adequately planned with only four or five courses. Also, the decline of wine-drinking in the home has dispensed with a troublesome, though pleasant job—serving the right variety of wines with the right courses at the right temperature.

The chief item to consider in giving a dinner party without a maid is the selection of the menu. Dishes that can be prepared considerably in advance will reduce last minute cooking. Cold dishes are easier to serve than hot ones. And if there is only one hot course, the plates can be kept hot until required—and this is the one course that does require careful service.

Many foods lend themselves to easy service—meaning that they can

be prepared hours in advance and keep well until ready. Apples are a great help. They may be prepared the morning or the night before the dinner, placed in the refrigerator and unmoulded just before needed. An aspic of fish, meat, eggs or vegetables may be used either as an entree or, left in the whole large shape when unmoulded and surrounded by a bed of lettuce and other greens and garnishes, makes a most attractive dish, to be served at table very gracefully by the hostess.

Dry canapés, of caviar, flaked cold fish and pimientos, sardines, olives or sausages, are easy to prepare, keep and serve either as a first course or with cocktails. If foods are chosen with the idea of how much service they need, not merely for their effect, the hostess may serve a complete dinner without having to rise and change plates more than twice.

## FAT Has No Excuse

There is now an easy way to end it—by a gland food. It is used the world over by doctors and others who know, since its discovery excess fat has largely disappeared.

That modern way is embodied in formula prescription tablets and people have used it for 22 years—millions of cases of it. In almost every case there is a user who shows the amazing results. Marmola is not secret. Each box contains the formula and reasons for all good effects. It has brought to millions new joy, new vim, new beauty. Get it, watch results. De-slander like you've never dreamed, without starving. Go to your drugstore for a \$1 box of Marmola, and read the book in the box.

NEWS AND PROGRAMS

## Former Stage Star Features Paul Whiteman Hour Tonight

Harry Richman for three years stage star of "George White's Scandals," will celebrate his advent into talking pictures when he appears as guest artist in the Paul Whiteman-Old Gold hour over the Columbia Broadcasting system at 9 tonight. Richman will be featured in the song "Puttin' On The Ritz," written by Irving Berlin for Richman's first screen picture.

Whiteman's Orchestra will play all five of the songs which Richman sings in the picture. The program comes from Los Angeles studio of the network where the orchestra and Berlin are now engaged in theatrical work.

### ROMANIAN FOLK SONGS

Three of Bela Bartok's transcriptions of Romanian folk dances will be played by the Chimes Reveries orchestra, under the direction of William Stearns over WLW at 11 tonight. Other featured selections from seldom-played productions will be included in the concert.

### STUDIO NEWS

Billy Beard and Al Bernard from the popular NBC team known to the radio audience as the Habeslow twins... Bernard also appears in the WJZ chain program, Dutch Masters Minstrels... Franklin Bauer, the Firestone tenor, is the highest paid vocalist contracted for regular programs on the air. He receives \$1,000 for each Monday night performance... The highest priced quartet in the world is that troupe appearing as the Palmolive Revelers and the Scherling Singers composed of Wilfred Glenn, James Melton, Elliot Shaw and Lewis James.

### RADIO'S ACHIEVEMENTS

The so-called men of the street will find difficulty in realizing the immensity of achievement of the radio industry since its inception in American life. Few can grasp the significance of more than 700 stations catering to the desires of an audience of well over 35,000,000 and hardly any realize the extent of the broadcasting institution which is less than a decade old.

A slight glimpse of broadcasting as it is today reveals 13,000 miles of wire employed by one network alone in the grouping together of far-flung stations for simultaneous broadcasting. Income increase from \$2,000,000 yearly to \$600,000,000 annually, trans-oceanic currents which reach out from New York and San Francisco to every section of the world; still greater accomplishments for the future.

## STOMACH, LIVER AND GALL TROUBLES SOON VANISH

Canton Mechanic Searches 15 Years For Relief of Suffering

MR. CHARLES JENKINS

How Mr. Charles Jenkins, 1118 Market Ave., North, Canton, Ohio, found relief after 15 years of suffering was recently told. He says: "I was in a terrible run-down condition. It seems that I was getting

weaker and nothing that I took seemed to do me any good. I had spent hundreds of dollars on medicine and different kinds of treatments, but with no results. Before I had taken two bottles of this Indian Herb Remedy, Owa-Ton-Na, I felt a big change in my condition.

"Today I eat with a wonderful appetite, food does not distress me, my bowels act normally, headaches and that tired, worn-out feeling are gone and I bow go about my work with new pep and energy. I can hardly believe myself the remarkable change that Owa-Ton-Na has made in me. I feel like a new man and certainly feel that anyone who is suffering should give this fine old Indian remedy a good, thorough trial. I will be glad to tell anyone of the remarkable benefits I have derived from Owa-Ton-Na.

What Owa-Ton-Na has done for Mr. Jenkins, it is doing every day for thousands of people all over the country. It is nature's own medicine. What it is doing for others, it will do for you. Why not give it a trial today? Owa-Ton-Na is sold in Salem at Flogging's Bolger & French and J. H. Lease drug stores.—Adv.

## Through The Microphone

New York, Feb. 4.—Italy became the leading factor in European broadcasting recently when one of the most powerful stations in the world was inaugurated with a program from the famous La Scala opera house in Milan. The opening broadcast was personally directed by Pietro Mascagni, the noted composer of the opera, Cavalleria, Rusticano. The transmitting plant of the radio station is located in Santa Polomba, a little suburb outside of Rome, and is connected by direct wire to the studios in the heart of the Italian capital.

The new super-power radio station was designed by, and installed under the supervision of American engineers as part of a contract under which the RCA Victor company sold the entire operating equipment to the Ente Italiano Audizioni Radiotelevisive, the Italian broadcasting company. Programs of entertainment and news bulletins are to be broadcast regularly and it is expected that the strong voice of Mascagni will be heard regularly in public messages.

The new Radio-Roma station represents the last word in broadcast transmitter development according to RCA Victor company engineers and embodies four outstanding advances in American radio technique which leads the world. While the new station is rated at 50 kilowatts in the antenna by means of a new technique described as 100 per cent modulation the station is capable of reaching a peak of 200 kilowatts output during transmission. In addition, new mercury vapor rectifier tubes, for high voltage rectification, increase the operating efficiency and effect a saving in energy of from 35 to 40 kilowatts over the ordinary type of vacuum tube rectifier. The Rome station is the only one outside of the United States to use 100 kilowatt transmitting Radio-

trons. These are the largest vacuum tubes in commercial use. The fourth feature is a system of constant frequency regulation which keeps transmission steady on the desired wavelength without the usual deviation through crystals kept in a special temperature-controlled oven. The temperature in this oven never varies more than a degree.

The decision to purchase American apparatus was reached after engineers of EIAR had made a careful study of broadcasting transmission throughout the world. Alessandro Banti, chief engineer of the Italian broadcasting company, visited this country last spring to study American broadcasting methods, and on his departure expressed great admiration for the high standards at which American broadcasting was maintained.

One of the best ways to determine the selectivity of a radio receiving set, states J. A. Dowie of the National Radio Institute, of Washington, D. C., is to tune in to the nearest high power local broadcasting station and then observe the effect of slight detuning upon volume. For example, if a single control receiver, under test, brings in a local station with the greatest volume with the scale set at the broadcasting station's transmitting frequency in kilocycles, say 950, then turn the control knob right and left so that the scale reads 960 and 940. That is, 10 kilocycles above and 10 kilocycles below 950

kilocycles. If this is sufficient to tune out the local station or reduce its volume substantially, this indicates a highly selective receiver. A moderately selective receiver tunes out a powerful local broadcasting station in 10 kilocycles above and 20 kilocycles below the frequency of the local broadcasting station, while a receiver which requires tuning 30 kilocycles above and 30 kilocycles below to lose the signal from a local powerful broadcasting station is lacking in selectivity.

Such a receiver, continues Dowie, may be suitable for use in a locality where there are few broadcasting stations, but in the proximity of metropolitan districts, where many stations are heard at considerable volume, it is not likely to give satisfaction.

The greater number of broadcasting stations in a district where a receiving set is being used, the more important the quality of selectivity. Keep this in mind when purchasing or selecting a radio receiving set for your friend. Unless the selectivity of a receiver is adequate to receive every local and nearby station, undisturbed by interference from other stations, programs cannot possibly be enjoyed.

## MOTHERS now learn value of MAGNESIA

Because it is so helpful in keeping babies and children healthy and happy, every mother should know about Phillips Milk of Magnesia. This harmless, almost tasteless preparation is most effective in relieving those symptoms of babies and children generally caused by eating food in the little digestive tract, such as sour-belching, frequent vomiting, feverishness, colic. As a mild laxative, it acts gently, but certainly to open the little bowels in constipation, colds, children's diseases.

A teaspoonful of Phillips Milk of Magnesia does the work of half a pint of lime water in neutralizing cow's milk for infant feeding, and preventing hard curds. Its many uses for mother and child are fully explained in the interesting book "Useful Information." It will be sent you FREE. Write The Phillips Co., 117 Hudson St., New York, N. Y.

In buying, be sure to get genuine Phillips Milk of Magnesia. Doctors have prescribed it for over 50 years. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Chas. H. Phillips Chemical Co., and its predecessor, Chas. H. Phillips, since 1875. Adv.

## The "Cozy-Home"

Complete 4 Room Outfit \$395

The bride of today insists upon quality and we could suggest no finer presentation that combines general utility beauty and fine value. Everything to furnish your complete home—four rooms—in the best of style at a price that will make many warm friends for this store. Plan to see these groupings arranged on our floors.

### The Luxurious Living Room

Your housefurnishing problem is transferred into a real pleasure here, for we have grouped everything to furnish your living room—styles that will be in vogue for many a day to come. You receive the three-piece suite, an occasional table, an end table, a junior lamp, a table lamp.

### For Your Boudoir

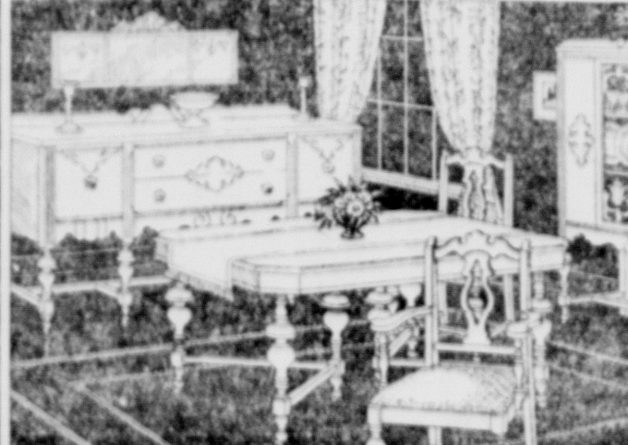

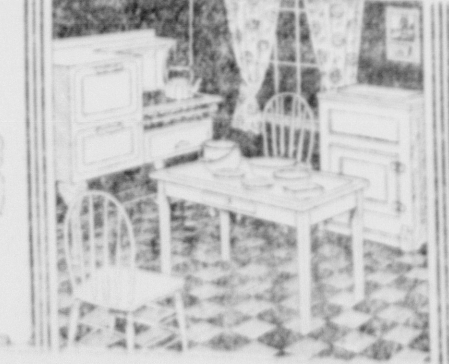

The pieces used in this grouping are indeed extraordinary. Three beautiful pieces to furnish your bedroom—all built of fine walnut veneers with other cabinet woods. In addition we have included a pair of pillows, a comforter, a boudoir chair. Think of it!

### The Complete Dining Room

Indeed! You'll be proud to entertain with a grouping like this in your dining room. Rich walnut veneers are combined with other cabinet woods in the construction of each piece and in addition we are including a dinner set—25-piece silver set, and a buffet mirror.

### The Kitchen

A woman takes unusual pride in her kitchen and for this reason, we have grouped all pieces to completely furnish it with all the pieces necessary to start house-keeping. We are featuring everything as illustrated in the sketch below. Plan to see these pieces arranged on our floors.

### \$10 Delivers It!

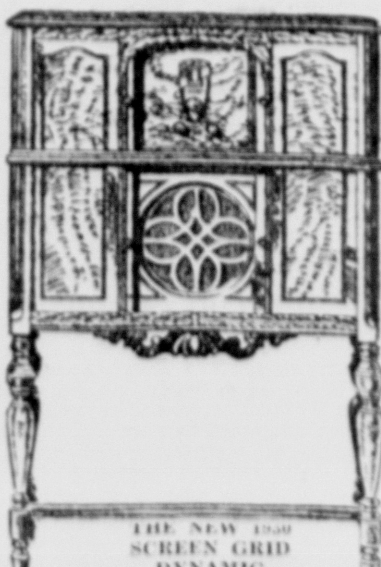

That's all the ready cash you'll need to have this complete outfit delivered to your home. You can pay the balance from income as convenient.
